# 6. Selection Process

Pursuant to article 5 of RJEC, selection is to be made based on candidate scientific and curricular career evaluation.

#### 7. Evaluation criteria

Assessment criteria: scientific production and its relevance, participation in scientific projects and congresses, student supervision, scientific dissemination actions, transfer of knowledge, other relevant activities and experiences. The evaluation process includes an interview with the candidates.

Candidate final classification system shall be given on a scale of 0 to 100. The value is calculated by weighing in each factor as follows, always considering that for each item only the activity relevant to the scientific field of the present tender will be considered:

# 1. Scientific and curricular background (PC)

a) Scientific and technological production: weighing 60%;

This evaluation will consider scientific articles in ISI journals, technical journals, papers published in events, books and chapters and oral presentations at events.

b) Applied or practice-based research activities: 20%;

This includes: (i) coordination and participation in R&D projects as project team member; (ii) performance of scientific services and technology transfer; (iii) patents or other R&D and innovation indicators.

c) Knowledge extension and dissemination activities:20%;

The activities of interaction with industry from a professional career in industry, interaction with industry in the context of the development of innovation projects, scientific services for industry as others considered relevant by the candidate will be evaluated. Also, the evaluation of participation in science management and knowledge dissemination activities, including the organization of conferences, symposia and scientific cooperation activities.

d) Interview (E).

The candidates who rank in the first three positions will be interviewed (E), to clarify aspects related to the results of their research. Applicants will be asked to make a 5-minutes PowerPoint presentation, in which they demonstrate the contributions to this parameter.

Applicants who are interviewed will be assigned a new classification in addition to the initial one that will be based on the following formula:

#### Final classification = 90% PC+ 10% E

# 8. Tender Selection Panel

Pursuant to article 13 of RJEC, the tender selection panel shall be formed by:

President of the Jury: Prof. Dr. Manuela Pintado; Other members: Dr. Luis M. Rodríguez-Alcalá, Dr. Lígia Pimentel and Dr. Susana Vidigal.

#### 9. Deliberation

The panel shall deliberate by means of roll-call vote justified under the adopted and disclosed selection criteria, with no abstentions allowed. Minutes of panel meetings shall be executed and shall include a summary of all occurrences of said meeting, as well as of all votes casted by the members and respective reasoning. After selection criteria application, the panel shall prepare a sorted list of approved candidates and respective classification. The panel's final decision shall be validated by the leader of the institution, who is also in charge of deciding about the hiring. The ranked list of approved candidates will be posted at the facilities of Universidade Católica Portuguesa at Porto, located at Rua de Diogo Botelho, 1327, 4169-005 Porto and will be announced on the website <a href="http://www.porto.ucp.pt/en/alchemy?msite=4">http://www.porto.ucp.pt/en/alchemy?msite=4</a>.. Candidates will be notified by email once this list is made available.

### 10. Preliminary Hearing and Final Decision Deadline

After being notified, all candidates have 10 working days to respond. The panel's final decisions are pronounced within the next 5 working days, following the candidates' deadline.

#### 11. Application formalization

Applications are formalized by completing the <u>application form</u> available at <a href="https://inqueritos.porto.ucp.pt/hr/index.php?r=survey/index&sid=583233&lang=en">https://inqueritos.porto.ucp.pt/hr/index.php?r=survey/index&sid=583233&lang=en</a>.
