# General Info

This tour is perfect for those guests who have a special interest in the many cultural aspects that the city has to offer. Pick up at the hotel where guests are staying and transfer to Porto's Historic Centre. The city of Oporto, built along the hillsides overlooking the mouth of the Douro river, is an outstanding urban landscape with a 2,000-year history. Its continuous growth, linked to the sea (the Romans gave it the name Portus, or port), can be seen in the many and varied monuments, from the cathedral with its Romanesque choir, to the neoclassical Stock Exchange and the typically Portuguese Manueline-style Church of Santa Clara.

**Advantage:** since this is a private tour, guests may specify what they interests are and the Tourism Driver will focus on them.
