16h00 **Workshop “University and Community: becoming together” | EP002 and EP004 Rooms**

The aim of this workshop is to reflect on the possible roles universities can – and should – have as epicenters of social responsibility. To do so, the workshop will bring together people from different sectors of local and global community (public bodies, non-profit organizations, corporations) to share, discuss and collaboratively reimagine the ways universities and communities can become together towards sustainable development

18h00 **Conclusions of the Workshop**

18h15 **Welcome Porto & Networking**
