# STAFF TRAINING WEEK

Sustainability and inclusion  
in Internationalization:  
Challenges and Opportunities  
for HEI's

The staff training includes lectures, workshops and benchmarking sessions, that will focus on the following topics:

- How can we improve Student Integration on Campus?
- Can digital experience replace physical mobility? How to balance sustainability and need to displace?
- How to communicate internationalization activities within the Institution? How can we explain our colleagues what we do?

The program is intended for non-teaching staff of Higher Education Institutions and teaching staff involved in internationalization or management.
